### **JUNE REMINDERS FROM ADMINISTRATION**

The final month of the 2021-22 school year is underway. Students and staff have been busy the past while preparing for the end of the year both academically and providing some extra-curricular activities. We encourage all students to give that final push academically to get all their assignments completed and done to the best of their ability. The month of June is an exciting time with the weather improving, many class trips and events taking place, and everyone looking forward to a summer break. Having said that, in order for this month to be a successful one, it will be important for students to stay focused and continue to be positive school community members. Please take the time to read through the important dates and reminders in the information below so that you are able to plan for any upcoming events that involve your child. There have certainly been some challenges that we have overcome as a school community the past number of months. I have enjoyed my time at REC during the second half of this year and I would like to thank the students, staff, and community for welcoming me into the role of Principal. I look forward to preparing for start-up in September as we begin looking ahead to the 2022-23 school year.

Sincerely,  
R. Isenor  
Principal

S. Matthews  
Vice-Principal
